

17th November 2023

Dear Parents and Carers

We are very excited to announce that our reading and maths schemes are embedded across the school.

As a school, we are use Accelerated Reader (AR) for pupils who have completed the Read, Write, Inc phonics programme. This means that your child will learn to read with greater skill and fluency while developing their comprehension skills. We follow the White Rose scheme when we teach Maths and this allows the children to develop their fluency with mathematics, as well as their verbal reasoning skills.

We would like to invite you in for a curriculum afternoon, focusing on reading and maths. We will be sharing information about reading, how your child is taught and what a Phonics or Reading session at school looks like. We will also go through how you can support your child with home reading, what you can expect to come home in your child's book bag and what the routines are around this. When discussing our Maths curriculum, we will be sharing information about how your child is taught in our daily Maths sessions, as well as how to support your child at home. There will also be plenty of time to ask questions and get to know the Bramley Oak Reading and Maths team.

Please come and join us for a cup of tea at the curriculum afternoon which will be held at Bramley Oak on Thursday 7th December at 2pm.

We look forward to seeing you soon!

Yours sincerely

Peter Forrest
Head of School
